ROBINSON'S
Celebrated Magic Soap
DIRECTIONS.
For doing a Large Family washing in Two Hours; of Five or Six Pieces.

1. Cut up fine a bar of the Soap, and put one-half of it into your boiler with sufficient water to cover your white clothes to be washed, and let the soap dissolve; then put your clothes in, stirring them, and let them just come to a boil, then pour out clothes and water into a tub and let them soak twenty or thirty minutes, stirring them around in the tub occasionally to loosen the dirt. Such articles as collars, wristbands or any other article very dirty, should be rubbed through the hands a little while soaking in order to loosen the dirt before boiling.
2. While your clothes are soaking put the half of your cut soap into your boiler, with sufficient clean water to boil, and let it be heating. After your clothes have soaked wring them out well and put into your boiling water, and let boil from 5 to 10 minutes, then rinse, blue and hang out to dry. If the above directions are followed, we will guarantee your clothes clean and white.
3. For your colored and woollen clothes use the same water you soaked and boiled your white clothes with, only heating it up again, and pour it over your colored and woollen clothes, and let soak the same as your white clothes, also rubbing them through your hands while soaking it very dirty. Then rinse in clean water warmer than your hands will bear, and you will thus accomplish a large washing in two hours.
By cutting up a bar of this soap into two gallons water, and let boil until thoroughly dissolved, and then leave to cool, you will have two gallons of beautiful SOFT SOAP as good as Common Soap for general house purposes.

European Complications.

Some years ago, and of course before the battle of Sadowa, an eminently practical project was laid by the Cabinet of St Petersburg before that of the Tuileries, which resumed itself in the solution of three questions, in which France was to take the lead. These three solutions were presented as three destructions. They consisted in :—

1. The Austrian Question.
2. The Papal Question.
3. The Eastern Question.

The first was explained specially by the words 'Destruction of Austria,' in which the co-operation of France was not required by means of armies. The second was to consist in the destruction of the Temporal Power of the Pope, which was to be remitted to the influence of ideas and the action of Italy. But for the third the armies of France were to be required, though she was told it would not be *very* sanguinary. Everything in this world is relative, and the ratio becomes very indistinct when no terms are given. But if the number of lives sacrificed by Napoleon the First be taken, a war involving the sacrifice of four or five millions of lives could not be very sanguinary. Besides, Napoleon did not commence his wars by laying down that only five or only ten millions of lives should be sacrificed. He began inEgypt with only thirty thousand men. We ourselves began the Crimean war in *aid* of the Turks, presenting an estimate, return freights included, of a hundred thousand pounds. It cost near a hundred millions. It is true we 'drifted' then. Drifting is now the rule. The liberation of Cameron and the chastisement of the Abyssinian tyrant, estimated at four millions, cost ten millions. Reverting to the proposals made from St Petersburg to the French Government, the world was never put in possession of a definite reply. Perhaps none was needed. When seed is cast into the ground, the earth makes no vocal response. It accepts it, and allows it to rot ; and if there be sufficient manure, it springs up and bears a hundredfold. We know that the green blade *did* appear above the surface along the Danube and in the land of the Labyrinth. It appeared also in Italy, where now we see the ripened corn:—The unification of Italy, and the end of the Temporal Power of the Pope. By the treaty of Paris, it was provided that the Ottoman Empire should be preserved in its integrity, and one of its provisions was that the Hospodar of the Danubian Principalities should be a native. That provision, however, was violated, when, through the machinations of certain foreign emissaries, the native Prince was driven from his throne and there was substituted for him a foreign Prince of that family whose dominions were of such vast extent as to threaten to disturb the balance of power in Europe. Next came the Candian Insurrection, chiefly fomented, it must be thought, by foreign emissaries, and kept up by filibusters from Greece. Who are the parties to this insidious policy of systematic disintegration—we might almost say spoliation—of the Ottoman Empire? First there is Russia. The geographical position of Russia gives her only three outlets for her commerce—the Sound, the Dardanelles and the White Sea. It is of the utmost importance to Russia to have these outlets at all times free to her, and her conduct must have been remarked in reference to ultimate succession of the Danish Crown, and the marriage of the Czarewitch to a Danish Princess. As to the Dardanelles it is no secret that Russia has been acting in direct contravension of the spirit of the Treaty of Paris in doing all she could to weaken the Turkish Empire, in order ultimately to pounce upon long coveted Constantinople. Russia was not in a position, financially or socially, to go to war ; but she has ever been more successful with the pen than with the sword. Then, too, she has a wonderful instinct in choosing her agents and persuading them that they are only serving their own interests when they are in reality only serving hers. She is indifferent whether they wear the Prussian uniform or the red shirt of the Garibaldians It may be questioned whether Russia has any pre-eminent claim to be considered a Christian Power. Certainly if, as the Apostle indicates, charity is the basis of Christianity, her conduct to her Polish subjects has not entitled her to it. Her Christianity would scarcely appear to be more than a political engine, and her love for the Christians may not unfitly be likened unto the love the cuckoo bears the hedge-sparrows, that she may lay her egg in her nest, and in due time eject the original proprietor. The next power concerned is Austria; but, beaten down as she has recently been, she has scarcely yet had time to staunch her wounds, and may not be regarded as altogether a free agent. French policy in the matter it will not now be necessary to stop to contemplate. But it need surprise no one that the Czar has selected as a fitting moment to strike for Constantinople that during which France and Prussia are locked in deadly embrace. Our own interest in this question is painfully obvious. Great Britain *is* to some extent 'a nation of shop-keepers.' The reports of the Board of Trade show that the chief articles of export from Turkey are raw cotton and corn; and by far the most important articles imported into Turkey are manufactured cotton and cotton yarn. In the thirty years ending 1867 the exports from Great Britain had increased 850 per cent., and the imports from Turkey had doubled since 1858. The total of imports to, and exports from, the whole Ottoman Empire, exclusive of the Danubian Principalities, was in 1858 £13,057,552. In 1864 it had risen to £35,208,017, having nearly tripled in eight years. Without later returns it may safely be assumed that the subsequent ratio of increase has not been greatly diminished. It will readily be conceived that such a customer would not be relinquished without a struggle. But it must be remembered that if Great Britain is to some extent open to the reproach of being 'a nation of shop-keepers,' she is something more. She is a great—the greatest—moral and political Power, so great, indeed, as to have been able to act a leading part in regulating the affairs of Europe, of the world, without drawing the sword. Her policy has long been that of non-intervention, her functions those of peace-maker. But it is clear that Great Britain cannot pursue her favorite policy of non-intervention while Russia gobbles up Turkey. She can neither afford to see the balance of power go by default nor inertly look on while a Treaty to which she was an important party is trampled upon. Even leaving altogether out of sight her Indian Empire and her shop interests, she could not afford to do that. If we enjoy the advantages of being a first-rate Power, we must take the responsibilities of that position; and if we have valuable allies we must be prepared to support them. The position taken by Granville cannot, therefore, but be regarded as the true one. 'Great Britain must now put down her foot firmly, or forever give up her voice in European affairs.' Viewing, however, the present attitude of parties in the uncertain light of electricity, there would really appear to be nothing absolutely to forbid the acceptance of the Vienna theory, viz, that the present Russian movement is in the interest of Prussia, designed merely to divert attention too intently concentrated on France for the serenity of Bismarck, Heaven grant that it may have no deeper significance.

LANGFORD LAKE MYSTERY.—A most remarkable examination took place at the Police Court yesterday, relating to the mysterious death of Joseph Barker who was found murdered on the Leech River road about ten months ago. The accused was a man bearing the name of Thomas G Smith The charge against him was that on Wednesday evening last he said in the presence of several persons, in the Identical Saloon on Wharf street, that he came in company with Baker on the day he was murdered from Leech river to the forks of the road leading to Sooke; that he knew Fowler did not murder Baker; that Baker had two twenty-dollar gold pieces and some silver; and that Baker was not armed, but he (the prisoner) had a pistol. This statement was substantially confirmed by the evidence of night watchman Farrell, Jas Filton and Peter Walsh. On the Thursday evening following the making of the aforesaid statement, the prisoner, when questioned by Farrell in regard to it, denied having said anything of the kind. The denial was made to Farrell in the presence of Filton and they both testified to the fact. The prisoner's defence was that the evidence was false and that he could prove he was not in Vancouver Island at the time of Baker's murder. The Court remanded the prisoner for one week, assuring him that he should have every opportunity afforded him to procure evidence.

LOCAL BREVITIES.—The propeller California, Capt Rogers arrived on Sunday, bringing a few passengers, and a small mail and express. She sailed again last evening for Sitka via Nanaimo.....Capt John Hayes, late of the California, now of the George S Wright, has been and gone and got married to Miss Elizabeth Mountain of Portland. We hope the young couple will have pleasant sailing through seas unruffled by squalls.....The old *Colonist* building on Langley street was on fire on Sunday morning and a very narrow escape from a very serious conflagaration was prevented by its timely discovery and extinguishment by Edward Phelps. The fire was the result of burning a quantity of paper and rubbish in an open grate on Saturday, a spark from which seems to have lighted upon and eaten through the floor....The Lake School Tax for 1870-71 will be two dollars per male head....The Barclay Sound Whaling party returned from the West coast in the schooner Alert on Sunday. The party took only one fish.

PUGET SOUND ITEMS.—We glean the following from the Seattle *Intelligencer* of yesterday: There is to be a grand Masonic Ball at Port Townsend on the 27th December, the financial object of which is to relieve the Masonic building of debt. Arrangements are being made for rendering the occasion a great success....An Indian woman, named Kelly, recently from Nanaimo, was run over by a pair of horses and a heavy truck in front of the Seattle market. She was very seriously injured, having several ribs broken .....The harbor of Seattle presents a very lively appearance—one ship, three barks, and a large schooner, besides the Sound steamers, being in the port....A fellow had swindled Messrs Stewart & Andrews out of 2½ lbs of spelter and was trading it off to the Indians for gold....The spurious greenback circulars have been received by several persons on the sound.

RATHER ABSURD.—Sir Stafford Northcote, Governor of the Hudson Bay Company, has announced, it is said, that as to the British Pacific railway 'the general idea of the Canadian Government is that they should take Fort Garry as their centre and proceed at once eastwardly and westwardly.' It occurs to one to enquire how the material is to be conveyed to Fort Garry in the first instance. It can hardly be conceived that it is in contemplation to manufacture the iron and other material at Fort Garry!' This proposition, if ever propounded, reminds us of that of the member for Victoria District, made during the last session of the Legislative Council, to commence the initial section of the Pacific portion of the railway at Yale and work eastward.

BENEFIT OF MR. CHARLES THORNTON.—Wednesday night has been fixed upon for a performance at the Theatre for the benefit of Mr Charles Thornton, the wellknown and popular manager. Mr Thornton has passed three successive dramatic seasons amongst us, and, in addition to being a good actor, is an excellent fellow, socially. 'Toodles,' 'The Swiss Cottage,' and other attractions will be offered, of which due notice will be given.

THE 'CAPTAIN' RELIEF FUND.—The Amateur Dramatic Association of this city, assisted by the Misses Pixley, will perform the new local burlesque on Monday evening next. The proceeds will be sent to England and there applied to the relief of the widows and orphans of the officers and men lost with the ironclad war ship Captain.

THEATRE ROYAL.—Last evening the performance was before a highly appreciative audience. The Misses Pixley, Miss West, and Messrs Ward, Thornton, Melville and others acquitted themselves well.....This evening To Oblige Benson, an Interlude and The Troubles of a Bachelor will be given.

THE CAREY RECONNOISSANCE.—Mr. J. W. Carey is an eminently practical individual, and it may be open to question whether this community acted wisely and well in denying to him a more extended sphere of usefulness than is usually found in the civic halls. It is clear, however, that Mr Carey has no intention of being confined within the city limits. He has, as was seen from our published report of the Council proceedings on Friday, given notice of a motion to appropriate $500 or if need be $600, out of the Corporation revenue for the purpose of dispatching 'competent engineers to make a reconnoissance for a railroad from a point North of Bute Inlet on the Mainland to the shores of Vancouver Island,' &c. Unfortunately for Mr Carey's motion, there are two obstacles in the way: The sum named would be palpably inadequate for the purpose; probably $5000 would be nearer the mark. The Municipal Constitution will not admit of the city revenues being employed in the way proposed. We cannot help thinking that the work had better be left to the staff of 'competent engineers' to be employed by the Dominion Government during the two years immediately succeeding union.

THE ALHAMBRA MINSTRELS.—A highly delighted audience greeted the Alhambra Minstrels last evening. Several new jokes were introduced and provoked roars of laughter. One of the finest acts of the performance is Charles Rhoades' banjo solo. The act sparkles with wit and makes even a hypochondriac laugh in spite of himself.... This evening there will be a new bill.

THE ODD FELLOWS advertise for a suitable site for a new hall. Proposals will be received until 12 o'clock, noon, on the 28th inst. The Order also thank the Royal Insurance Company, through Messrs Sproat & Co, local agents, for the prompt manner in which their claims, arising from the late fire, were adjusted.

NEW BOARDING AND LODGING HOUSE.—Mrs F Bushell has opened a boarding house on Kane street next door to the residence of Dr Bellamy. The establishment is handsomely furnished and it will be the aim of the hostess to surround her guests with all the comforts of an English home.

THE TERMINUS OF THE NORTH PACIFIC RAILWAY.—It is announced in the Pacific *Tribune* that the terminus of the North Pacific Railway has been definitely fixed at Nisqually Bay. This will be good news for the Hudson Bay Company, who have large landed interests at Nisqually, and for a number of Victorians who, a year and a-half ago, prudently invested a few thousand dollars in real estate there.

THE steamer Eliza Anderson, Capt Finch arrived from Olympia and Sound ports last evening at 6½ o'clock, bringing 30 passengers, a large number of cattle, sheep and hogs, and a quantity of fruit, eggs and other freight. Purser Finch has our thanks for late files of Sound papers.

SPECIAL THANKS.—The Odd Fellows have passed a special vote of thanks to Mr James Orr, foreman of the Tiger Engine Company for bravery displayed by him on the occasion of the late fire at the hall, when at great personal risk he saved a large amount of valuable property from destruction.

AUCTION SALE TO-DAY. — Messrs R F Pickett & Co will hold a sale of fancy goods, glassware, boots and shoes, brooms, baskets, &c. this morning. To suit the convenience of purchasers from Puget Sound, the sale will commence at *ten o'clock a. m.* Make a note of it.

TOO BAD.—It is stated that a portion of the Ontario Volunteers sent out to Fort Garry have not been provided with quarters and are exposed to very great privations. It is difficult to believe that so fine a lot of men could be subjected to such treatment.

NANAIMO ASSIZES.—Chief Justice Begbie, with Deputy Registrar Pooley, will proceed to Nanaimo to-day, where an Assize Court will be held for the trial of the alleged murderers of Hamilton.

FIRST BACON OF THE SEASON.—Mr John Murray, of the Victoria Market, yesterday turned out splendid bacon—the first of the season—and his celebrated sugar-cured hams will be ready on Thursday.

PREPARED.—H M S Scylla, Capt Herbert, yesterday took in four months' stores and is now ready for sea at a few hours' notice. In the event of a general European war, the Scylla will probably be ordered away.

OVERLAND CIRCUS.—The Overland Circus is now free from the embarrassments in which it was entangled a few weeks ago. The entire company is in Portland.

AUCTION SALE TO-MORROW.—Mr Franklin's next sale of wines and liquors, groceries, hardware, glassware, earthenware, &c, will take place to-morrow at his rooms, Yates street.

A LARGE QUANTITY of combustible rubbish was hauled out from beneath the stage of the Theatre Royal yesterday morning. It formed a tempting inducement for the torch of an incendiary.

A LOADED CLUB was found in the Postoffice yard yesterday morning. It was probably dropped there by some fellow who was up to no good.

MOUNTED POLICE.—Capt Villiers, late of Quebec, has raised and is drilling a mounted police for Manitoba. The force, it is said, promises to be a very efficient one.

STEALING — Yesterday four Chinamen were before the Police Court on separate charges of theft, two of whom were dismissed and two remanded.

ONE MONTH.—Robt Pearson, for an assault on E Duval, was yesterday arraigned before Mr Pemberton, convicted and sentenced to one month's imprisonment.

ODD FELLOWS HALL will be repaired. Mr Nuttall, to-day, advertises for tenders from persons willing to undertake the necessary repairs.

THE propeller California will sail for Nanaimo, Sitka, Fort Wrangel and Fort Tongas this morning with 18 passengers.

THE mail steamer Isabel arrived from Port Townsend last evening at 7½ o'clock bringing 31 passengers, 60 sheep, 1 ton codfish and other freight. Purser Parker has placed us under obligation for late files of Oregon and Puget Sound papers.

QUICK.—A gentleman yesterday received a letter from a Victorian in Berlin. It had been only 30 days on the way.

EXECUTIVE COUNCIL. — The Executive Council held a protracted session yesterday. Probably in connection with Confederation.

ASSAULT.—Charley, an Indian, for assaulting Ah Lee, a Chinaman, was brought before the Police Court yesterday and fined $10.

ROAD AND SCHOOL TAX.—Fifteen cases of delinquent tax payers were disposed of yesterday at the Police Court.

TO SAIL.—The steamers Isabel and Eliza Anderson will sail for the sound to-day at 10·30 a m.

THE steamer Sir James Douglas will sail for Nanaimo this morning at 7 o'clock.

THE steamer Enterprise will leave for New Westminster this morning at 8 o'clock.

DOWN.—The wires, south of Portland, yesterday.

SPECIAL TO THE DAILY BRITISH COLONIST.

SUNDAY'S DISPATCHES.

Europe.

VIENNA, Nov 18—The *Presse* confirms the identity of the English and Austrian notes to the Czar.

LONDON, Nov 18—A special Washington dispatch says Secretary Fish will soon be succeeded in the Cabinet by Gen Butler.

VERSAILLES, Nov 18—King William, to-day, telegraphed to the Queen at Berlin that the Grand Duke of Mecklenburg yesterday repulsed the enemy along the whole line near Dreux.

LONDON, Nov. 18—Yesterday the division of Mecklenburg advanced on the road leading from Hordan to Dreux and occupied the latter town, meeting with but a slight resistance.

A dispatch to the *Manchester Guardian* says that the army of the Loire in thirty miles from Paris.

A *Herald's* cable telegram dated Berlin Nov 17, says that if the important preparations which the Germans are making are successful, Paris is expected to fall in two weeks.

The Russian question is received here as a matter in which Prussia should decline to meddle with. It is believed generally that Russia will gain a point. Prussia is apparently in harmony with Russia on the Eastern question.

The final arrangements with Bavaria have been completed. Her military position in the German Confederation is the same as that of Saxony. Wurtemburg will be bound to submit. The significant fact is that the recent elections, even in Democratic districts, all the Democrats were defeated who had taken ground against the annexation of Alsace and Lorraine.

A special corressondent writing from Lille, Nov 17th says that great activity is evident in the army of the north for the past three days and there is good reason to believe that the concentration of the forces is about to take place, with the object of marching to the relief of Paris by moving eastward and endeavoring to make a junction with the army of the Loire between Fountainbleau and Creteil.

It is rumored that the army of the north is 120,000 strong, but can only locate ninety-five thousand.

Evidence exists everywhere that hopes are entertained by the country people that the Orleannists will be restored. They believe that Count de Paris, at the head of 20,000 men, could march triumphantly through the departments, and gain everywhere the adherson of the people.

LONDON, Nov 18—A special telegram from Tours Nov 17th has the following: General Palledianes has repeated his strategetic movements which secured his late victory at Orleans, and has accomplished another important success. While holding the German force at Toury by threatening them in front with an force equal to their own, he has swung round his left wing moving at the same time, while the corps from the Chartres, Angerville, Athen and St Hilan marched to Stampes, where the corps paused, by this movement Palladaines thrust himself between the Duke of Mecklenburg and Paris while also encircling the German army in the front of the right flank and the rear. While this was going on the Prussians seeing the design commenced retreating from Tournay northward on the road leading from Angerville to a point twelve miles south of Etampes. Some fighting occured resulting in an advantage to the French, who everywhere greatly out-numbered the enemy. Palladaine's vanguard is now twenty-two due south of Versailles.

The government at Tours has information to the effect that the advance army of Prince Fredrick Charles will only reach Auxers today, ten days march from Tournay.

The *Journal de St Petersburg* declares that Russia will not prove unwilling to submit her demands to a Congress if it can be held. It denies that the Russian note meant an abrogation of the entire treaty. Turkey, it says, is threatened with internal disorders, and intervention is now necessary.

FLORENCE, Nov 18—Dispatches have been received by the Italian Cabinet from Ali Pasha, Turkish Minister of Foreign Affairs, protesting in eloquent and energetic terms against Russia's proposed infraction of her treaty of obligation.

LONDON, Nov 10—A special correspondent telegraphs from Berlin that it is stated on diplomatic authority, from St Petersburg, that Russia has large bodies of troops massed on the Vistula and further south, and that armed vessels are on the Black Sea.

Dispatches from Mr Fish to Morsn, concerning the Alabama claims, arrived to-day. Lord Granville being out of town the dispatch could not be communicated to him. The contents are up to this morning unknown to the public. In circles where the arrival of the dispatch is known great consternation prevails, as it is presumed that Russia and the United States have a secret understanding.

VIENNA, Nov 18—The general belief is that the Russian movement is really a demonstration only intended to work in the interest of the Prussians in order that the world may have something else to watch besides the operations of Prussia in France. It is believed that public opinion in Europe now alone delays the bombardment of Paris, while doubts are entertained of the eventual issue through the Eastern question. It is believed that the present imbroglio will lead to war. The note in reply to Gortzchakoff's letter, is conciliatory and expresses satisfaction at the peaceful declaration of Russia.

LONDON, Nov 19—A dispatch from Munich, on Thursday says that the negotiations that were carried on at Versailles have been finally concluded. The treaties are to be signed in a few days. The constitution of the bond has undergone some modifications. Bavaria is allowed to enter the Confederation on her terms.

Rumors continue to of a proposed concentrated attack on the Prussian position before Paris, by the French, assisted by a sortie from the city. The time fixed for this grand movement is to be next Monday or Tuesday.

Telegrams from Tours to-day says that rumors are afloat of a disaster to the army of the Loire. No particulars received.

VIENNA, Nov 19—In the Riechstadt to-day the Ministry carried an address to the Throne by a large majority.

The journals of this city are anxiously waiting for the Russian-Austrian reply to Prussia's note. It is expected to reach St Petersburg to-day. The resignation of Portocki's Cabinet is expected in a day or two, but it is denied that any such action is contemplated.

A *Herald* special says: The warlike feeling prevails all over England. An important division exists in the Cabinet on the Russian question, which is likely to lead to a dissolution of the Ministry. Granville persists that England must now put her foot down firmly or forever give up her voice in European affairs. He holds that the present attitude of Russia means the future if not immediate prosecution of her long cherished design on the East. The present movement is the only time when England can hope to resist successfully the policy against which heretofore she has fought at a great sacrifice of life and treasure.

Lowe and Cardwell are decidedly opposed to war on the present issue.

The Conservatives are about to call a meeting in London to consider the crisis, in view of the early assembling of Parliament.

Gladstone hesitates to commit himself for war, or against it, on the present provocation.

A bitter feeling prevails against Russia, in consequence of Gortzchakoff's dispatch, which is considered as assuming a direct object without war.

FLORENCE Nov 19—The collective note of the Great Powers to Russia is still under consideration by the Italian Government.

LONDON, Nov 19—A telegram from Florence yesterday says that great excitement prevails over the war question, in regard to Russia's position on the treaty of 1856. Popular enthusiasm is in favor of adherence to the cause of Russia. The report that the Ministry is resolved not to take joint action with England and Austria is well received. The position taken by the Cabinet is understood to be a determination to hold entirely aloof from any complications that may grow out of the question. The Government will have enough to do in harmonizing the new state of affairs at Rome. Official papers say it is certain Italy's position will be one of entire neutrality. Other dispatches from Florence say the Italian Government has declined to join in the diplomatic move against Russia.

LOS ANGELES, Nov 19—Great indignation is manifested at the tardiness of justice in a large number of murder cases now pending in the Courts and a Vigilance Committee is promised unless some decisive action is taken.

Upon his person was found a check for $400 and $95 in coin A pistol was found at his feet with 2 chambers discharged and it is thought he committed suicide, though it may have been accidental.

Two highwaymen went to the house of Charles Shroedet near North Battles about 2 o'clock this a m and demanded food and lodging for themselves and horses, which were refused. As Shroedet turned to go into the house the men fired two shots at him. One of the balls struck him in the chest passing through and coming out just below the shoulder blade. The men fled. French Medicines.

PREPARED BY

GRIMAULT & CO.

PARIS.

These different medicines represent the most recent Medical discoveries, founded on the principles of Chemistry and therapeutics. They must not be confunded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the faculty in the whole world. They widely differ from those numerous medicines advertised in the public paper as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France, with regard to the sale of medical preparations, and only those which have undergone an examination by the Academy of Medicine, and have been proved efficacious, either in the Hospitals, or in the practice of the first medical men, are authorised by the Government. This fact must be a guarantee for the excellency of MESSRS. GRIMAULT & Co's medicines.

Women's and Children's Diseases.

Grimault's Syrup of Iodized Horse Radish.

Patronized for more than twenty years by the Paris Physicians. Cures lymphatism, rachitism, scrofula, congestion of the glands of the neck, paleness and flabbiness of the flesh, loss of appetite, weakness of constitution, the various eruptions on the face, boils, pimples, itchings,—It is the best remedy against the first stage of consumption, and is the most powerful depurative known.

DOCTOR LERAS'

(Doctor of Medicine.)

SOLUBLE PHOSPHATE OF IRON.

Clear as spring water and tasteless; has the advantage over all ferruginous preparations of containing Iron and Phosphorous, which are the elements of the blood. It cures chlorosis, pains in the stomach, difficult digestions, dismenorrhea, anæmia, general debility and poorness of the blood, and agrees especially with the most delicate stomachs.

LUNG DISEASES.

Grimault's Syrup of Hypophosphite of Lime.

It is the best and the most rational of all remedies against consumption. Under its influence the cough abates, the night sweats cease, and the patient rapidly recovers health. It gives the same results in cases of coughs, catarrhs, hooping coughs and influenza. In comparing this syrup with the other sold under the same name, it will be easy to recognize the superiority of this preparation.

Therefore to avoid any substitution, please to require on the bottle the signature: Grimault and Co.

NERVOUS HEADACHE and NEURALGIA.

GUARANA.

A single powder of this natural vegetable production is sufficient to cure instantly the most violent sick headache. It is the most valuable remedy against diarrhœa,

Digestive Powders, Pills & Elexir of

PEPSINE.

Is certain effect against nausea, pituite, heart-burn, gastritis, gastralgia, children's diarrhœa, inflamation of the mucous coats of the stomach and bowels, vomiting during pregnancy jaundice, etc.

NO MORE COPABIA OR CUBERS.

Grimault's Capsules and Liquid Extract of Matico Vegetalis.

Where all other Medicines have failed, these preparations will always effect a cure. These insure rapid and extraordinary cure of severe, recent and chronic cases of private disease. They are used in the Hospitals of Paris, by the celebrated Dr Ricord, and are found greatly superior to all hitherto known mineral remedies and Copabia and Cubebs. The injection is used in recent and capsules in the more chronic cases.

NO MORE DIFFICULT OR PAINFUL DIGESTION!

DR BURIN DU BUISSON'S DIGESTIVE LOZENGES.

This delicious preparation is always prescribed by the most reputed medical men in France, in cases of derangements of the digestive functions, such as gastritis, gastralgia, long and laborious digestions, wind in the stomach and bowels, emancipation, jaundice and complaints of the liver and loins.

They are considered by physicians as being superior to the celebrated Vichy Lozenger.

Largesse's Syrup & Paste

OF SEA PINE SAP.

These two preparations are invaluable and taken with the utmost success for consumption and the various diseases of the chest, and especially for coughs, colds, catarrhs, influenza, hooping cough, bronchitis, asthma, and also for the different affections, of the urinary organs

FERRUGINOUS SYRUP.

OF PERUVIAN BARK.

Superior to all the compounds of Iron for all diseases of the chest, fainting, nervous affections, painful digestions and impoverished blood; it is recognized as the best and most agreeabl remedy.

TO PHYSICIANS.

NEW YOR August 15th, 1868.

Allow me to call your attention my PREPARATION OF COMPOUND EXTRACT BUCHU he component parts are, BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES:

MODE OF PREPARATION—Buchu, in vacuo. uniper Berries, by distillation, to form a fine gin. extract ed by displacement with spirits obtained from Juniper Berries; very little sugar is used and a small proportion of spirit. It is more palatable than any now in use.

Buchu as prepared by Druggists, is of a dark color. It is a plant that omits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates he smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflamation exists. In this you have the knowledge of the ingredients and the mode of preparation

Hoping that you will favor it with a trial, and that pon inspection it will meet with your approbation.

With a feeling of profound confidence.

I am, very respectfully,

H T. HELMBOLD

DR. CHING FUN—A CARD—EDITOR BRITISH COLONIST:—Through the medium of your paper I want to state the very great good that has been done me by Dr Ching Fun of this city, next door to Kwong, Lee & Co For 24 years I suffered with neuralgia on the brain, which baffled the skill of three firstclass American physicians Latterly bronchitis attacked my right lung, and my eyes became awfully inflamed Despairing of ever being cured I placed myself as a last resort in the hands of Dr Ching Fun, and after five months' treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit him and find relief Respectfully,

DR J. COLLIS BROWNE'S

(Ex Army Med Staff)

CHLORODYNE,

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION—Vice-Chancellor Sir W P Wood stated that Dr COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr J Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely and mean no other than Dr Browne's—See TIMES, July 12 1864.

The Public therefore are cautioned against using any other than

Dr J Collis Browne's Chlorodyne,

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively using it in great quantities in the following diseases:—

Diseases in which it is found eminently useful—Cholera Dysentery, Diarrhœa, Colics, Coughs, Asthma, Cramp Rheumatism, Neuralgia, Cough, Hysteria, &c.

EXTRACTS FROM MEDICAL OPINIONS

The Right Hon Earl Russell communicated the College of Physicians and J T Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet, Dec 31, 1864

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when other medicines had failed."

Dr Lowe, Medical Missionary in India, reports [Dec. 1865] that in nearly every case of Cholera in which Dr J Collis Browne's Chlorodyne was administered, the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodyne is prescribed by scores of orthodox medical practitioners. Of course it does not thus be singularly popular did it not supply a want and fill a place.

Extract from the General Board of Health, London, a to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases.

Beware of spurious and dangerous compounds sold as CHLORODYNE from which frequent fatal results have followed.

See leading article, Parmaceutical Journal, Aug 1, 1869, which states that Dr J Collis Browne was the inventor of Chlorodyne that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION—None genuine without the words 'Dr J Collis Browne' on the Government stamp. Overwhelming medical testimony accompanies each bottle.
